

CITY AND BOROUGH OF SITKA

ORDINANCE NO. 2014-40

AN ORDINANCE OF THE CITY AND BOROUGH OF SITKA AMENDING SITKA GENERAL CODE CHAPTER 15.01. ENTITLED "ELECTRIC UTILITY POLICIES" BY ADDING A NEW SECTION 15.01.090 ENTITLED "REBATE PROGRAM FOR ELECTRIC HEAT PUMP HEATING SYSTEMS"

1. **CLASSIFICATION.** This ordinance is of a permanent nature and is intended to become a part of the Sitka General Code ("SGC").

2. **SEVERABILITY.** If any provision of this ordinance or any application to any person or circumstance is held invalid, the remainder of this ordinance and application to any person or circumstance shall not be affected.

3. **PURPOSE** Sitka encourages wise use of hydro consumption and supplemental diesel generation is both expensive and produces harmful emissions. Re-enacting a rebate program to encourage residential consumers to replace heating systems such as oil, electric, baseboard heaters, electric plug-in heaters, and electric boilers with electric heat pump heating systems. This has and will yield significant benefits in reducing system load, lessen the need for supplemental diesel generation, and lower the ratepayer's electric energy costs. Further, re-establishment of a rebate program demonstrates the City and Borough of Sitka's commitment to improve energy efficiency and promote energy conservation.

Various types of rebate programs have been offered by the State of Alaska and in other communities throughout the United States to reduce electrical costs and facilitate energy savings. Sitka successfully offered a program back in 2012. Currently, there are some funds available for this program.

4. **ENACTMENT. NOW, THEREFORE, BE IT ENACTED** by the Assembly of the City and Borough of Sitka that the SGC 15.01 is amended by adding a new Section 15.01.090 to read as follows (new language underlined; deleted language stricken):

Chapter 15.01 ELECTRIC UTILITY POLICIES

Sections:

- 15.01.005 Definitions.

- 15.01.080 Customer generation.
- 15.01.085 Carrier current.
- 15.01.090 Rebate program for electric heat pump heating systems.

* * *

15.01.090 Rebate program for electric heat pump heating systems.

- A. General Requirements. All residential customers are eligible to participate in the rebate program, subject to the rules and procedures developed by the Electric Department, and funding of the program.
- B. Eligible Equipment. Only the following products are eligible for the rebate program:
 - 1. Electric heat pump heating system that replaces an existing oil or electric resistance heating systems, such as electric baseboard heaters, electric plug-in heaters, and electric boilers, if it is the primary heating source for the residence.
- C. Rebates. Residential customers requesting a rebate shall submit a signed rebate request using Electric Department forms within 60 days of the purchase of the rebate eligible product. Rebates will be issued within 60 days of receipt of the form to any eligible customers that meet the terms and conditions of the program.
- D. Funding. The rebate program will terminate when all project funds have been expended.

5. **EFFECTIVE DATE.** This ordinance shall become effective the day after the day of its passage.

PASSED, APPROVED, AND ADOPTED by the Assembly of the City and Borough of Sitka, Alaska this 23rd day of December, 2014.

Mim McConnell, Mayor

ATTEST:

Sara Peterson, CMC
Acting Municipal Clerk
