

CITY AND BOROUGH OF SITKA

ORDINANCE NO. 2026-XX

AN ORDINANCE OF THE CITY AND BOROUGH OF SITKA AMENDING TITLE 22, "ZONING" OF THE SITKA GENERAL CODE FOR THE GARY PAXTON SPECIAL ZONE.

1. CLASSIFICATION. This ordinance is of a permanent nature and is intended to become a part of the Sitka General Code (SGC).

2. SEVERABILITY. If any provision of this ordinance or any application to any person or circumstance is held invalid, the remainder of this ordinance and application to any person or circumstance shall not be affected.

3. PURPOSE. The purpose of this ordinance is to assign all uses within the Gary Paxton special zone (GP) with a permitted, conditional, or prohibited use designation. Prior to the enactment of this ordinance, only the use designations in SGC Table 22.16.015-6, as well as the "Natural resource extracting and mining support facilities" use as found in SGC Table 22.16.015-5 were binding upon the GP zone; all other uses were to be governed through lease and sale agreements approved by the municipality. This ordinance brings Title 22 consideration of uses within the GP zone into conformity with all other zoning districts.

4. ENACTMENT. NOW, THEREFORE, BE IT ENACTED by the Assembly of the City and Borough of Sitka that the Sitka General Code Title 22 be amended by modifying Chapter 22.05 "Definitions", and Chapter 22.16 "District Regulations" to read as follows (deleted language stricken, new language underlined):

77
78 B. Any use which causes, or may be reasonably expected to cause, an excessive
79 disturbance not in keeping with the character and stated intent of this district. "Excessive" is
80 defined for these purposes as a degree exceeding that generated by uses permitted in the
81 district in their customary manner of operation or to a degree injurious to the public safety,
82 health, welfare or convenience.

83
84 If the letter "P" appears in the box, the use is permitted outright subject to the provisions of the
85 code. If the letter "C" appears in the box, the use is a conditional use subject to review and
86 approval including site plan approval. If the box contains a number, there will be a
87 corresponding footnote further specifying the conditions applicable to the use in the zone.

88
89 With the exception of the Gary Paxton special district or as **Unless** otherwise provided in this
90 code, if the letter "P," "C," or another notation does not appear in the box, the use is prohibited.

91
92 ~~The Gary Paxton special (GP/GPS) district was specifically developed to allow for a wide range~~
93 ~~of flexible uses on the site. When the site was acquired, it was recognized that a number of~~
94 ~~appropriate uses may surface that could not be anticipated. Appropriate and inappropriate uses~~
95 ~~could be regulated through lease agreements and sales agreements that must be approved by~~
96 ~~the municipality. As a result, the GP/GPS district use tables shall function differently from the~~
97 ~~manner outlined above.~~

98
99 ~~Any uses, except retail and business uses, at Table 22.16.015-6, as well as natural resource~~
100 ~~extracting and mining support facilities uses within Table 22.16.015-5, may be approved in the~~

101 ~~GP/GPS district without a requirement of a zoning amendment in accordance with SGC~~
 102 ~~2.100.080.~~

103
 104 ~~Retail and business uses in the GP/GPS district that are permitted uses, conditional uses, or~~
 105 ~~prohibited uses on the site are governed by Table 22.16.015-6. Natural resource extractions~~
 106 ~~and mining support facilities are conditional uses governed by Table 22.16.015-5 in the GP/GPS~~
 107 ~~district. These use tables are binding on the owners and the operators in the Gary Paxton~~
 108 ~~industrial park. No changes to these tables shall be made without a zoning ordinance text~~
 109 ~~amendment that follows the full procedures in Chapter 22.10 SGC, Zoning Code Administration.~~

110
 111 As outlined in SGC 22.16.110, the I industrial zone is intended for industrial and heavier
 112 commercial uses. The zone also contains a number of heavy public uses as permitted and
 113 conditional uses. Additional conditional uses may be approved by the assembly, through the
 114 conditional use process, even though they may not be specifically listed as permitted or
 115 conditional uses in the following table.
