**Subject:** Green Leaf / Cultivation Odor & noise

Dear Mr. Scarcelli

Attached is a letter from our neighbors next to the cultivation at 4614 HPR. I concur with the body of the letter and have had many comments and complaints. As far away as the Delta fuel dock.

I do understand you have a lot on your plate at this time, but if you could stop by and observe the odor and noise at the discharge I believe it will be enough said. Also, keep in mind I have tenants in the immediate area that are not too happy with use.

To best observe, go behind the brown building at 4614 HPR, I'd be happy to meet you there if you'd like.

Thanks

Connor Nelson

Mr. Connor Nelson  
4610 Halibut Point Road  
Sitka, Alaska 99835

Dear Mr. Nelson,

I understand that you are the property owner/landlord for the commercial building where "Green Leaf" operates a marijuana growing operation, and therefore, I would like to lodge my complaint with you regarding the odor associated with the grow operation.

My understanding about the permitting of these operations was that Green Leaf would be completely self contained and would be unobtrusive to other homes and businesses. As a nextdoor home and business, I can state that they are not unobtrusive when it comes to smell.

My wife and I live and work at 4622 Halibut Point Road, and in addition to our smelling the marijuana odor, which at times is quite pungent (like a skunk), many of our customers have complained to us about the smell.

Our customers and we would appreciate any action that you could take to mitigate this nuisance.

Thank you,

Paul and LaMoyne Smith
