[REDACTED]

As a 30 year resident of Sitka, I am very aware of the long term effects Sitka has endured from the changing economy. Back in the 80's when I moved here and the pulp mill was operational Sitka had a large, stable, industrial based business that supported many family wage based jobs that brought and kept a lot of residents here. The loss of that large scale operation has had a long lasting effect that has taken years to fully feel the loss to the Sitka economy.

Fishing and tourism have taken the place of large scale industrial operations locally and have shown that while beneficial, they're not always reliable. Sitka needs to utilize our limited industrial property to the greatest benefit of the community. A reliable, sustainable, and profitable infrastructure at the Paxton industrial park will benefit Sitka's economy by providing much needed jobs for the residents and revenue to the city.

I would like to contribute my time and efforts to see that the Gary Paxton Industrial Park is set up for long term success for the community and can provide a bright future for generations to come.

Thanks for your consideration.

Vaughn Morrison
