PROJECT COVER SHEET

Project Title/ Number: Crescent Harbor Restroom Replacement - 90912

Project Manager: Jason Hudson Project Sponsor: Connor Dunlap

Project Description: The public restroom facilities at Crescent Harbor off Lincoln Street are aging and in need of replacement. A preliminary study was completed to analyze future capacity needs and evaluate facility replacement concepts. Based on study results, a larger, more modern facility is needed; however, adequate funding is not readily available based on cost estimates developed. A replacement of the facility like in size to existing is planned, to stay within original budget parameters. CBS plans to seek a Design-Build contract to complete design and construction.

PROJECT COVER SHEET

Project Title/ Number: Expansion of Biosolids Disposal Area - 90847

Project Manager: Taylor Colvin Project Sponsor: Michael Harmon

Project Description: The project is to provide for continued disposal of bio-solids authorized under State of Alaska Permit SW3A047-21. The existing bio-solids receiving cell in Sitka is reaching capacity. This project will ensure continued successful operation of the biosolids disposal area. Existing ADEC and USACE permits expire at the end of 2025.

PROJECT COVER SHEET

Last Update 06/12/2025

Project Title/ Number:	Crescent Harbor High Load Dock Net Shed - 90922		
Project Manager:	Loren Gehring	Project Sponsor:	Michael Harmon/Stan Eliason
Project Description:	Structural fortification and repairs of the aging High Load Dock and Net Shed (HLD/NS). The HLD/NS is a critical piece of harbor infrastructure in demand with Commercial Fleet, tourism vessels, vendors, public events, etc. This project will repair the facility and return it to safe operation for all users. The Project requires design and construction services that include a structural inspection and condition assessment; development of repair options including associated costs, schedule, and regulatory permitting requirements; final design of selected repairs, acquiring all permits, scheduling, public outreach, and coordination with users, and construction.

General Comments:
Schedule: Construction schedule delayed from previous due to contractor's request to terminate contract. Bidding the project is required to award project to another contractor.
Budget: May need additional funding to do full pile cap replacements within the next 10-years if bids come in higher than anticipated.

PROJECT COVER SHEET

Project Title/ Number: Fisherman's Work Float Repairs

Project Manager: Michael Stenberg Project Sponsor: Michael Harmon/Stan Eliason

Project Description: The existing work float was built in 1987 and needs extensive repairs. This project is to extend the existing work float life 10 years. With the life expectancy increase, it is expected to provide time to develop the working capital for full replacement of this repaired existing structure. The main deck, support structures, floats, rub boards, and associated hardware will be replaced. No gangway, utility, piling, or upland work will be performed in this project. Funding is \$500,000.00 approved Harbor funds and an awarded (but not yet accepted) State DOT Municipal Harbor Facility Grant Program for SFY2024 matching grant NTE \$397,000.00. The grant may not be used again for work float funding. Moffatt & Nichols have performed all conditional assessments and recommendations for life extension strategies.

<u>Contractor (Function)</u>	<u>Status</u>	<u>Type</u>	<u>Amount</u>	<u>% Of Project</u>
Moffat & Nichol. (Project Management and Design)	Secured	T&E	\$96000	5%
Construction + Contingency	Estimated	Low Bid	\$695,665	85%

General Comments:

Scope: Repair of decking/siding/rubboards/stringers/sills/bull rails and – correct freeboard.
Schedule: Project drawings, technical specifications, and estimates are prepared for bid documents. Project includes some additional materials to order to allow budget flexibility and modifications to the expected design for concealed conditions. Construction timing will be after 5/1 to accommodate Herring Season.

Moffatt & Nichols has been very clear that they were not able to assess all conditions of the work float due to being concealed by the floats and decking. This work has been specified with Lump sum and Per Unit prices to facilitate unknown conditions to avoid potential change orders. Minor Changes in work are expected and a contingent sum of 10% of the construction price is included – \$40K

Budget:

This project is well within budget if the matching grant is accepted. If the Harbors Grant isn't accepted, we will likely need an additional \$250,000 from CBS funds.

2/5/2025 – Discussed M&N professional services contract and let them know that there was no appetite to go over the budget amount for their task orders. M&N had expressed concern that they were overspent on the bid doc/bid portion. By contract we are allowed to modify elements of the task orders and they were asked to trim travel and inspections as necessary and to use electronic communications means to mitigate costs.

3/18/2025 Received word that the project will move forward as scoped – was concern about FFP or LS/CO type. Anticipate this to be reviewed with the Thomsen Harbor project with possible inclusion to the bigger project for possible savings that may be realized through pairing the contracts up.

6/26 Highmark bids received @ \$695665.00 - reviewed budget and numbers look good. There is approximately \$93870.37 remaining in the budget
