THE WHITE HOUSE

Local Elected Officials and Leaders –

On Tuesday, September 10, the White House Office of Intergovernmental Affairs is hosting the seventh of 10 regional State Leadership Day events with local elected officials from Alaska, Idaho, Montana, North Dakota, Oregon, South Dakota, Washington, and Wyoming. If you have already RSVP'd, please disregard this email. If you would like to attend, please register per the invitation below. The meetings are designed for elected county (commissioners/supervisors or similar position) and municipal officials and will include briefings and discussion with Senior Administrative Officials on shared federal-state-local priorities pertinent to your respective states and communities. They are also a good opportunity to meet members of our Intergovernmental Affairs (IGA) team both at the White House and across the federal family (agencies) – IGA is the direct point of contact in the Administration for state and local elected officials. **All county commissioners/supervisors (or similar position) in your respective states are invited. If they have not received this invitation, please have them reach out to our office.**

We hope that you can join us – feedback from our 2017-18 initiative was overwhelmingly positive ([WTAS: Support for the Trump Administration's Unprecedented Outreach to State and Local Leaders](#)). **We will send additional information, including an agenda, several days before the conference. We will also be offering an East Wing tour the morning of the conference for registered attendees. East Wing Tour registration will be done separately from the conference registration. That information will be sent out with the final details and agenda.** Note that you are confirmed for this event if you successfully registered through the link provided in the below invitation. If you have logistical questions outside of the event itself, we recommend you contact your State Municipal/County Association.

Sincerely,

The White House Office of Intergovernmental Affairs
