Introduction

The City and Borough of Sitka (CBS) is seeking qualifications from experienced firms or individuals to operate a newly constructed marine vessel haul out and shipyard at the Gary Paxton Industrial Park (GPIP). This facility is a key component of Sitka's maritime infrastructure, located in the scenic panhandle of southeast Alaska.

Sitka, encompassing an area of 2,870 square miles, is a unique and remote community accessible only by airplane or boat, with a population of approximately 8,500 residents. The local climate, characterized by an average annual precipitation of 131 inches and frequent overcast conditions, is a testament to the region's rich coastal environment.

The GPIP, situated around the 4500 block of Sawmill Creek Road, approximately 6 miles south of the town center, includes a deep-water dock and upland land available for lease, positioning it as a strategic location for maritime and industrial activities. As part of its commitment to enhancing the maritime capabilities of the region, the CBS is constructing a state-of-the-art vessel haul out and shipyard facility within the park, poised to significantly bolster Sitka's maritime services by incorporating a 150-ton vessel hoist, a pile-supported pier for the lift vehicle, a wash-down pad, and a graded gravel vessel laydown area.

Selection and Award Stages:

The CBS invites qualified firms or individuals to submit their Statement of Qualifications (SOQ) to operate the haul out and shipyard. This solicitation will be awarded through a multistage development and selection process. CBS will review the proposer's SOQ and shortlist those who meet the minimum qualifications to move forward to the next stage in providing input in the development of a detailed scope of work to be incorporated into a Request for Proposals (RFP). Each prequalified proposer will then be invited to submit a price-based proposal that meets the minimum scope of the RFP and the proposer with the best value or low bid may be considered for a final award of the work. If parties cannot come to terms on such an award, the RFP may be solicited to the general public or awarded to other proposers based on best value or low bid.

Anticipated Schedule:

- **RFQ Advertised by City and Borough of Sitka:** July 25, 2024
- **RFQ Prebid Meeting:** Meeting to clarify the process and answer questions from potential bidders, August 7, 2024 @ Harrigan Centennial Hall, 330 Harbor Drive, Sitka, AK 99835
- **RFQ Response Deadline:** September 17, 2024
- **Prequalification Invitation to Participate in the RFP Development Process:** Formally invite RFQ Proposers who met the Minimum Qualified to participate in the development of RFP October 4, 2024
- **RFP Development based on input from Prequalified Proposers:** January 4, 2025
- **Invitation to Bid (ITB) to Prequalified Proposer Only :** January 14, 2025

- **ITB Deadline:** Responses Received from Prequalified Proposers: February 14, 2025
- **Completion of Evaluations and Issue Notice of Intent (NOI) to Award:** March 15, 2025
- **Recommendation for Approval of Operator Contract/Lease by GPIB Board:** March 25, 2025
- **Approval of Operator Contract/Lease by City and Borough of Sitka Assembly:** April 4, 2025

The CBS invites firms or individuals to submit their SOQ to demonstrate their ability to fulfill the operational requirements of this critical infrastructure, contributing to the growth and success of the maritime sector in Sitka and the broader region. Further details, including the haul out and shipyard designs and proposed vessel lift specifications, are available on the City and Borough of Sitka's official website: <https://www.cityofsitka.com/departments/PublicWorks/GPIPHaulOut>.

Minimum Qualifications of Services

Qualified Operators shall demonstrate their capacity to manage a comprehensive range of services essential for the effective operation of a marine vessel haul out and shipyard. Proposers are to focus on their resume of past experience running boat yards only and do not need to provide any specific information as to how they would run a yard in the future or any specifics about the Sitka Boat Yard. The purpose of the Statement of Qualifications (SOQ) is to determine if a proposer meets the minimum qualifications for past experience to be invited to participate in the development and bidding stages. Proposer's SOQ will not be ranked or scored relative to other proposers. It is a "pass or fail" determination to be considered prequalified to move forward. To meet the minimum qualifications proposers must demonstrate competency in services in the following areas:

1. ****Vessel Lift Operations:**** Demonstrated experience ensuring boat hoists of 100 tons or larger are operated safely, efficiently, and effectively and maintained to high standards for lifting and moving vessels within the shipyard.
2. ****Vessel Wash-Down System:**** Proven competencies in managing wash-down and drainage systems for cleaning vessels during haul-out including environmental permit administration and monitoring.
3. ****Vessel Movement:**** Proven competency and positive references in scheduling vessel and moving them to designated areas.
4. ****Permits and Licenses:**** Demonstrated ability to acquire all necessary permits and licenses to operate within local, state, and federal regulations.

The facility must operate as an 'open yard,' where the Operator does not have exclusive rights to provide vessel repair and maintenance services, except for those related to the vessel lift manufacturer.

Submission of Statement of Qualifications (SOQ)

Applicants are required to submit their qualifications in a structured format that includes:

1. ****Company Profile:**** Including name, address, and contact information (2 pages maximum).
2. ****Past Experience:**** Detailing experience in similar projects (8 pages maximum).

3. ****Financial Stability:**** Including financial statements and business history.
4. ****Relevant Certifications:**** Any licenses or certifications pertinent to maritime operations.
