To Whom It May Concern:

I believe I am fully qualified for this position. My management and leadership skills have been continually developed and honed for the past 29 years as an active duty logistics officer in the United States Army, in the private sector, and as a City Manager in Pennsylvania. Countless times I have been involved in the leadership, management, stewardship, fiscal supervision, and planning of real property accountability, construction, maintenance, zoning, destruction, and their use around the world and in the local community.

In Baghdad, Iraq (2007-2008) I was the Mayor of Forward Operating Base FALCON, a 455 acre combat base which was home for 12,000 Soldiers / Sailors / Airmen / Marines. I was directly in charge and responsible for the smooth, effective, and continuous operation of this "city" and its infrastructure, including my direct relationship with the Kellogg, Brown, and Root Site Manager and his 500 civilian employees. With a \$70M budget, I had direct control over all housing, buildings, food service operations, security, and construction contracts and tasks during heavy combat operations.

I also served as the City Manager for Ridgway, Pennsylvania from October 2013 until January 2016. In this capacity I served at the behest of the City Council for the smooth operations and supervision of the town's water treatment plant, waste water treatment plant, refuse department, public works department, and the annual \$6,000,000 budget and investment portfolio.

My undergraduate degree is in Biology, however, my graduate degree is in Geography and Regional Planning. Coupled with my vast amount of experience with managing and directing budgets, managing personnel, maintenance operations, infrastructure management, and working with other agencies, I feel I am ready and distinctly qualified to assist in leading Sitka into the future.

Please contact me if you have any questions.

Sincerely,

Kim D. Zimmerman
