

City and Borough of Sitka

100 Lincoln Street • Sitka, Alaska 99835

Coast Guard City, USA

Planning and Community Development Department

AGENDA ITEM:

Case No: VAR 17-15
Proposal: Request for reduction of side setback from 8 feet to 5 feet for a carport
Applicant: Austin Inman
Owner: Austin & Kathleen Inman
Location: 1307 Edgecumbe Drive
Legal: Lot 4 Old City Shops Subdivision
Zone: R-1 single family and duplex residential district
Size: 17,600 square feet
Parcel ID: 1-4695-000
Existing Use: Residential
Adjacent Use: Residential
Utilities: Existing
Access: Edgecumbe Drive

KEY POINTS AND CONCERNS:

- Neighborhood harmony:
 - Consistency with zoning requirements and neighboring properties
 - Proposed carport would be in line with the perimeter of the existing house
 - Setbacks are intended to provide privacy and access to light and air

RECOMMENDATION:

Move to approve the variance request for the reduction of the side setback from 8 feet to 5 feet for the construction of a carport at 1307 Edgecumbe Drive.

Attachment D: Site Plan
Attachment E: Subdivision Plat

Attachment F: Parcel Pictures
Attachment G: Application
Attachment H: Flood Zone Map
Attachment I: Mailing List
Attachment J: Proof of Payment
Attachment K: Warranty Deed

BACKGROUND

The existing lot at 1307 Edgecumbe Drive resulted from the Old City Shops Subdivision, recorded in 2003. The property is currently developed with a single family structure. Adjacent lots are residential in use.

In 1996, a variance was granted for the reduction in the side setback from 8 feet to 4 feet for an addition and garage.

PROJECT DESCRIPTION

The variance request is for the reduction of the side setback from 8 feet to 5 feet carport. The property currently has a single-family house.

The minimum setbacks in the R-1 zone are 20 feet on the front, 10 feet on the rear, and 8 feet on the sides.¹ Setbacks are measured from property lines to eaves, gutters, and drip lines.

ANALYSIS

Project / Site: The project area is primarily flat. The lot is 17,600 square feet, exceeding the 8000 square foot minimum requirement. The lot has an oblong shape, measuring 80 feet by 220 feet. The proposed carport would be built in line with the side perimeter of the existing house. Pre-existing house limits placement options for carport.

Zone: R-1: Intent. This zone is intended to provide for primarily for single-family and duplex residences at moderate densities.²

Traffic: A carport would not result in an increase in traffic. Proposed carport is situated at the side of the lot and would not impede pedestrian or motorist visibility.

¹ Table 22.20-1—Development Standards

² Section 22.16.040—R-1 District

Parking: The property provides parking in excess of the required two spaces.

Noise: Carport is proposed to provide covered parking. Starting and running vehicles would create the same amount of noise whether or not they are placed under cover.

Public Health or Safety: Work on boats or vehicles in the carport could create fumes; however, such work could occur outside of a garage up to the property line. Setbacks are intended to protect privacy and access to light and air.

Habitat: None.

Property Value or Neighborhood Harmony: A variance from required development standards could create neighborhood disharmony. Staff found no record of variances granted to adjacent lots for side and rear setbacks; however, numerous nearby lots had variances. A carport may increase the property value on the residential lot.

Alaska Statute 29.40.040(b)3 states that a variance may not be granted solely to relieve financial hardship or inconvenience.

Comprehensive Plan: The proposed variance for the reduction of the side setback from 8 feet to 5 feet the construction of a carport conforms to the Comprehensive Plan Section 2.4.1 which states, “*To guide the orderly and efficient use of private and public land in a manner which maintains a small-town atmosphere, encourages a rural lifestyle, recognizes the natural environment, and enhances the quality of life for present and future generations,*” by allowing for the development of covered vehicle storage on a residential lot.

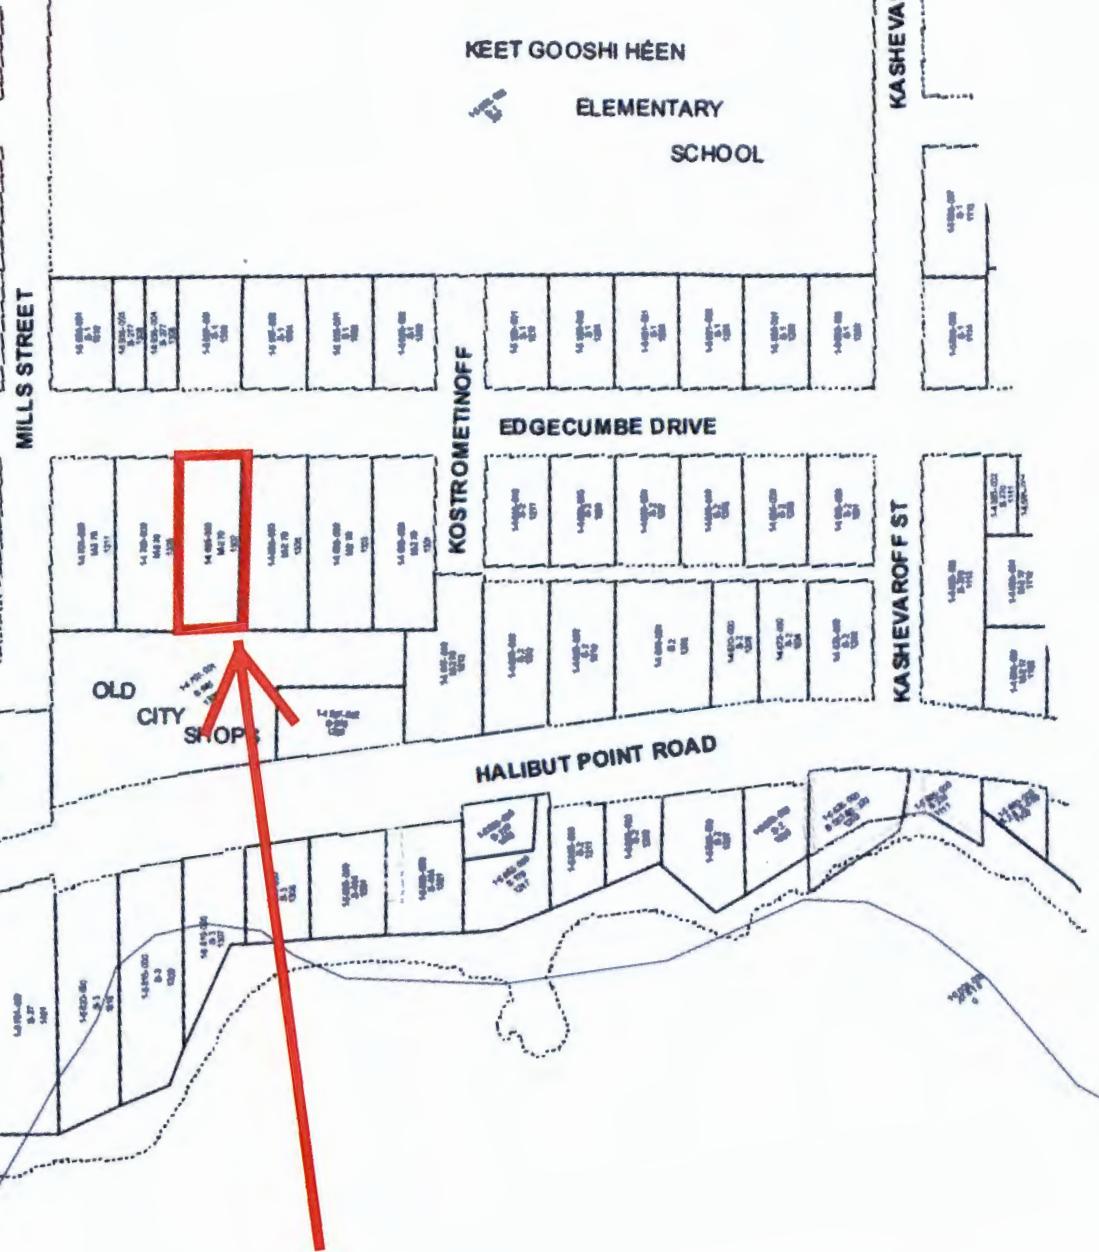

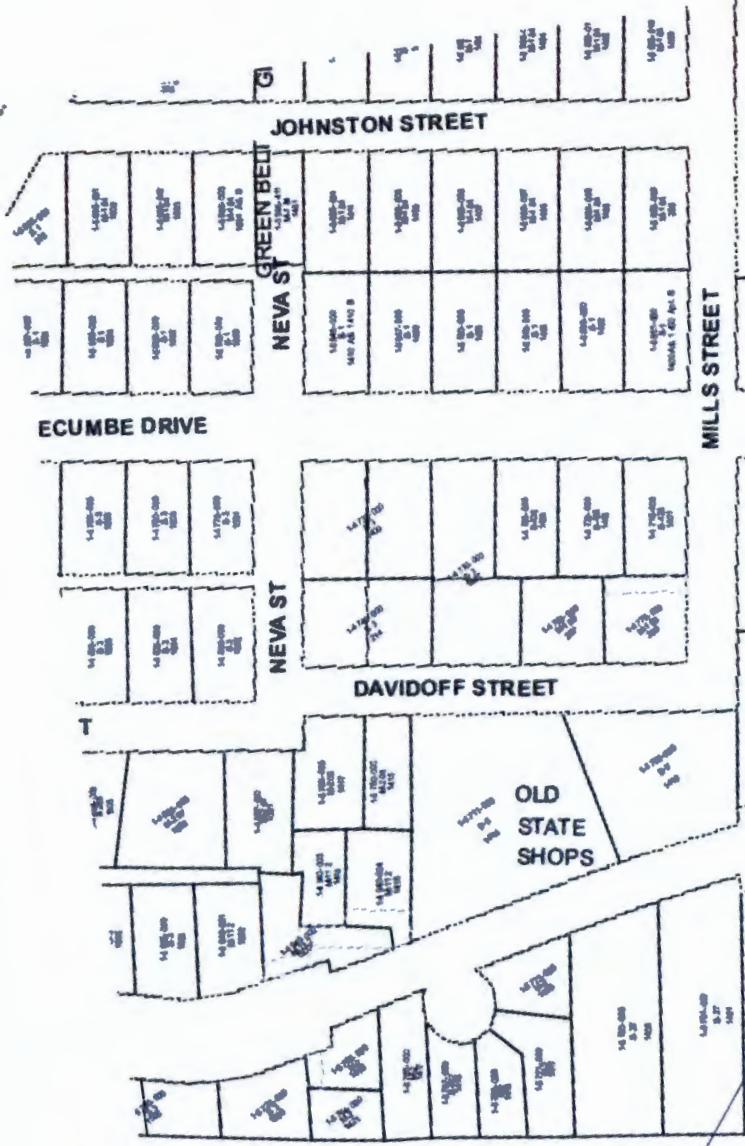

D. Required Findings for Variances.³

1. Required Findings for Variances Involving Major Structures or Expansions. Before any variance is granted, it shall be shown:
 - a) That there are special circumstances to the intended use that do not apply generally to the other properties, *here, that the house is pre-existing and the location limits development of an attached carport;*
 - b) The variance is necessary for the preservation and enjoyment of a substantial property right of use possessed by other properties but are denied to this parcel, *here, the development of covered parking;*
 - c) That the granting of such a variance will not be materially detrimental to the public welfare or injurious to the property, nearby parcels, or public infrastructure, *specifically, that the structure will be located away from the visibility of pedestrians and motorists; and*
 - d) That the granting of such will not adversely affect the Comprehensive Plan: *specifically, the variance is in line with* Comprehensive Plan Section 2.4.1 which states, “*To guide the orderly and efficient use of private and public land in a manner which maintains a small-town atmosphere, encourages a rural lifestyle, recognizes the natural environment, and enhances the quality of life for present and future generations,*” by allowing for the development of covered parking on a residential lot.

Recommended Motions: (two motions - read and voted upon separately)

- 1) I move to adopt and approve the required findings for major structures or expansions as discussed in the staff report.
- 2) I move to approve a variance request for the reduction of the side setback from 8 feet to 5 feet for the construction of a carport at 1307 Edgecumbe Drive. The property is also known as Lot 4 Old City Shops Subdivision. The request is filed by Austin Inman. The owners of record are Austin and Kathleen Inman.
