Subject: Rock quarry

I'm very concerned about the reopening of the rock quarry in the 4600 4700 block of HPR. Last time it was in operation a blast at the quarry sent a rock through my boat window at 4701 HPR. Two vehicles were also damaged in the parking lot and rocks landed all over the area. I heard there were holes in the roof of the house on the uphill side of the road. If this quarry is to be reopened I suspect similar incidents could occur.
