EXPLANATION

PERS is significantly underfunded; not enough assets are in the System to pay for the estimated future cost of retirement benefits to governmental employees. The State of Alaska has made a continued effort to reduce this underfunding by making payments into PERS on behalf of the various Municipal governmental entities that participate in PERS along with the State itself. These payments are made directly by the State into PERS; the actual funds do not pass through Sitka’s bank account. Governmental accounting and reporting rules require that expenditures made by one entity on behalf of another be recorded as offsetting revenue and expenditures, even if the funds expended never pass through the supported entity’s bank account.

Solid Waste went over budget at year end due to higher than anticipated cost of operating the Scrap Yard.

Management Information Systems went over budget at year end due to the cost of telephone service.

5. EFFECTIVE DATE. This ordinance shall become effective on the day after the date of its passage.
