### **RECOMMENDATION**

Staff recommends that the Planning Commission approve the short-term rental at 3106 Halibut Point Road subject to the recommended conditions of approval.

## **BACKGROUND/PROJECT DESCRIPTION**

This request is for a conditional use permit for short-term rental (STR) for a unit of a single dwelling unit building. The home has three bedrooms. The owner will be on premise and renting out rooms on a short-term basis. Home has direct access from state highway Halibut Point Road, and a vacant lot on one adjacent side of property; neighborhood disturbances are unlikely.

## **ANALYSIS**

### **1. CRITERIA TO BE USED IN DETERMINING THE IMPACT OF CONDITIONAL USES.<sup>1</sup>**

**a. Amount of vehicular traffic to be generated and impacts of the traffic on nearby land uses:**

Adequate space for parking on-site, namely space for two cars. This meets the Sitka General Code requirement to afford space for two vehicles per dwelling unit. Traffic use is already heavy on Halibut Point Road – the increase due to this action is minimal.

**b. Amount of noise to be generated and its impacts on surrounding land use:** Short term rentals have the potential to create noise from transient guests, however owner will be on site to monitor and enforce quiet hours.

**c. Odors to be generated by the use and their impacts:** Potential odor impacts are minimal and in line with similar residential uses. Garbage shall be disposed of in a municipal container and in accordance with Sitka General Code requirements.

**d. Hours of operation:** Available year-round.

**e. Location along a major or collector street:** Accessed directly from Halibut Point Road.

**f. Potential for users or clients to access the site through residential areas or substandard street creating a cut-through traffic scenario:** Halibut Point Road is the only way to access the property.

**g. Effects on vehicular and pedestrian safety:** No significant changes expected, minimal traffic with one or two cars utilized for the rental.

**h. Ability of the police, fire, and EMS personnel to respond to emergency calls on the site:** Residence has reasonable access from Halibut Point Road similar to other residential buildings in the neighborhood.

<sup>1</sup> § 22.24.010.E

**i. Logic of the internal traffic layout:** The rental unit is a single dwelling unit with three bedrooms and three bathrooms.

**j. Effects of signage on nearby uses:** No signage proposed. All signs shall comply with Sitka General Code.

**k. Presence of existing or proposed buffers on the site or immediately adjacent the site:** Some natural buffers of bushes and trees are on the site and surrounding areas. Adjacent lot to the north is vacant and heavily vegetated, homes behind the property are high uphill.

**l. Relationship if the proposed conditional use is in a specific location to the goals, policies, and objectives of the comprehensive plan:** An STR can help support the existing and growing tourism industry by providing transient guests with short-term housing options that allow the potential for more visitors to visit Sitka, bringing in money and creating opportunities for job creation and economic development. STRs also increase the affordability of housing for owners by offsetting housing costs with rental income. However, STRs correlate with negative impacts to available housing stock for residents, long-term rental rates, and increased purchase prices for housing.

**m. Other criteria that surface through public comments or planning commission review:** Not applicable at this time.

### **RECOMMENDATION**

The Planning Department recommends that the Planning Commission approve the conditional use permit application for a short-term rental at 3106 Halibut Point Road subject to the recommended conditions of approval.
