CLG: City and Borough of Sitka

Tabular Budget: Example

Project: St Peters By-the Sea Episcopal Church & See House

Historic Preservation Fund

Directions: First, complete the blue Budget Details table. If needed, add rows etc, to show calculations of proposed costs for your project.

Second, totals for each cost category in the Budget Details table should auto-populate the "Totals" column in the yellow Budget Summary table.

However, you will need to enter amounts in the 60% and 40% columns in the yellow Budget Summary table to show your planned 60-40 split by cost category. (See example.)

Finally, enter amounts in the pink table: Source of Sponsor's Matching Share. The total should at least equal 40% of your Total Project Cost (TPC) as shown in this example, cell E23.
