**FISCAL YEAR 2021**

**DRAFT  
CONSOLIDATED OPERATING  
BUDGET**

# City and Borough of Sitka

100 Lincoln Street • Sitka, Alaska 99835

---

February 28, 2020

Mayor Paxton, Assembly Members and Fellow Citizens of the City and Borough of Sitka,

In accordance with the provisions of Article XI, Section 11.02 of the Home Rule Charter of the City and Borough of Sitka, the Fiscal Year 2021 Consolidated Operating Budget of the City and Borough of Sitka is hereby presented for your approval.

## **The Last Year in Review**

FY20 was a very challenging year for the Sitka Assembly. The State Legislative budget process was delayed by political debate thus creating great financial uncertainty for all Alaskans. It was late in the year before the depth of State revenue sharing reductions were known. However, both the City and Borough of Sitka and the Sitka School District were able to manage their respective budgets without major reductions in services to residents or students.

During the year the City and SouthEast Alaska Regional Health Consortium (SEARHC) hospital completed a complicated merger process that concluded with the closure of Sitka Community Hospital. The termination of the community owned hospital has complicated management and financial obligations that will continue for several years as the final obligations of the hospital are resolved.

Even with the intense budget pressure the City was able to balance the level of services offered to our citizens with the local ability and desire to pay for those services.

## **Looking to the Future**

Traditional revenue streams flowing from both the Federal and State Governments have stabilized somewhat from prior years. With that said continued downward pressure on State revenue sharing is expected to continue, examples are reduced levels of school bond debt reimbursement, funding for municipal capital projects and funding for the Alaska Marine Highway System.

Going into FY21 we are projecting increases in sales tax revenue due to expected increases in cruise ship passenger visitations and to our participation in the new Internet Sales Tax Program that has been authorized by the State.

We are also projecting an increase in property tax revenue due to a complete revaluation of all properties in Sitka including those owned by non-profit entities. The property tax revaluation process will be ongoing over the next two years.

In July 2019 the Assembly adopted six Action Plans that provide for the following:

- Stabilize electrical rates and Electric Department bonded indebtedness
- Create a Master Plan for No Name/Granite Creek development
- Lobby to fund a secondary water source and the Electric Department
- Determine the highest/best use of the Cold Storage
- Build a public use Seaplane Base
- Make the City and Borough of Sitka more business friendly

In the fall of 2019 City staff completed a thorough analysis of Sitka's remaining, excess hydro electric generation capacity. This study provides design guidance for a major new medical campus that is being studied by SEARHC. A new medical facility will bring much needed new revenue into the electric utility.

During this period the Assembly took action to begin a major renovation of the Green Lake hydrogenation facility. Green Lake provides about half of Sitka's electricity and the power plant is due for a maintenance overhaul.

Additionally, expectations are high that the U.S. Coast Guard will increase its presence in Sitka by positioning an additional vessel with permanent moorage here. The added infrastructure needed by Coast Guard, along with increases in personnel, housing and services will bring more revenues into the City.

Commercial, sport and subsistence fishing continue to be a major component of Sitka's economy. These industries have added capacity and improvements to their businesses. However, major concerns exist regarding fluctuations in commercial fish populations in the Sitka area.

In late 2019 the Assembly began the process of developing a marine vessel haul out and shipyard at the Gary Paxton Industrial Park. When completed this project will provide important services for Sitka's commercial and sport fishing fleets.

### **FY21 Budget Comments**

Our budget does propose service fee increases in our electric, water, and wastewater utilities that are consistent with the annual rate of inflation. Larger rate increases are proposed for the solid waste and harbor funds due to specific financial considerations.

The FY21 budget contains no significant employee salary increases other than the programmatic spending increases due to collective bargaining agreements or that are identified in the Sitka City Code. However, the City of Sitka continues to experience

difficulties in recruiting and retaining qualified employees especially in the Electric and Police Departments.

During development of the FY21 budget City staff recommended funding for a long-range plan to finance needed infrastructure renovations while maintaining adequate levels of liquidity and financial stability. Such a plan will assist the Assembly when discussing capital project needs in the future.

Overall, the proposed FY21 budget maintains status quo services and staffing levels. However, there continues to be substantial pressure to find funds to make future improvements to infrastructure owned by the City and Borough of Sitka. This includes facilities operated by the Sitka School District.

### **Capital Improvement Program**

Sitka continues to invest in its future by constructing important improvements to municipal assets. Ongoing projects include a major upgrade of Crescent Harbor, a new drinking water filtration plant and a major renovation of the wastewater treatment plant.

Planning has begun for a major maintenance upgrade to the 38-year-old Green Lake hydro generation facility. This project is a top priority for the City of Sitka.

Maximum effort is being made to identify Federal and State sources of revenue in order to finance these projects. However, increasingly Sitka has been forced to rely upon debt acquisition to fund needed improvements. City staff has recommended that this pattern of project funding be studied in detail during the development of a long-range plan for infrastructure renovations.

In late 2019 the Assembly provided funding for a new lobbying firm that is based in Washington D.C. Efforts are being made to secure Federal and State funding for Sitka's capital project needs.

The City of Sitka long-range capital improvement program is included within this budget document.

### **Summary**

The key challenge facing the City and Borough of Sitka continues to be the alignment of governmental services provided by the Municipality to its citizens with sustainable revenue streams to not only pay for the operating costs of services, but also to provide for replacement of the infrastructure necessary to provide those services.

Our municipal government continues to provide a comprehensive and complex array of services to our citizens through the collective efforts of our elected Assembly and our dedicated municipal employees.

The financial condition of the City and Borough of Sitka remains stable with a substantial level of combined reserve working capital. We will continue to provide the best possible service to Sitkans while carefully managing the resources they give us to do the job.

Respectively submitted,

Hugh R. Bevan  
Interim Municipal Administrator

# CITY AND BOROUGH OF SITKA

## ORDINANCE NO. 2012-30

**AN ORDINANCE OF THE CITY AND BOROUGH OF SITKA, ALASKA  
ADDING A NEW CHAPTER 4.44 TO THE SITKA GENERAL CODE ESTABLISHING  
REQUIRED LEVELS OF CASH TO BE MAINTAINED AND A NEW CHAPTER 4.45**

**TO THE SITKA GENERAL CODE ESTABLISHING A LONG TERM PUBLIC  
INFRASTRUCTURE SINKING FUND FOR THE OF REPAIR AND REPLACEMENT  
OF GENERAL FUND MUNICIPAL BUILDINGS, STREETS, SIDEWALKS, PARKING  
LOTS, AND PARKS**

**BE IT ENACTED** by the Assembly of the City and Borough of Sitka, Alaska as follows:

1. **CLASSIFICATION.** This ordinance is of a permanent nature and is intended to become a part of the Sitka General Code.
2. **SEVERABILITY.** If any provision of this ordinance or any application to any person or circumstance is held invalid, the remainder of this ordinance and application to any person or circumstances shall not be affected.
3. **PURPOSE.** The purposes of this ordinance are to codify requirements to maintain minimum levels of cash within the General Fund, and, to establish a sinking fund for the repair and replacement of General Fund municipal buildings, streets, sidewalks, parking lots, and parks its subsequent use for such restricted purposes.
4. **ENACTMENT.** The Assembly of the City and Borough of Sitka hereby adds Chapter 4.44 and 4.45 to the Sitka General Code.

### **Chapter 4.44**

#### **REQUIRED LEVELS OF CASH TO BE MAINTAINED IN THE GENERAL FUND**

\* \* \*

**4.44.01 Required Levels of Cash On Hand.** The General Fund of the City and Borough of Sitka shall be required to maintain a minimum level of cash and cash equivalents in order to provide for adequate cash flow management and liquidity for the Municipality.

A. The minimum level of cash and cash equivalents to be maintained shall be equal to the total of all budgeted expenditure for the General Fund for the current fiscal year, divided by 4. Transfers from the General Fund balance shall not be considered expenditure for the purposes of this calculation.

B. For purposes of this Chapter, cash and cash equivalents shall be defined as cash held in demand deposits, overnight repurchase agreements as defined by SGC 4.28.060 4, money market mutual funds as defined by SGC 4.28.060 5, certificates of deposit as defined by SGC 4.28.060 2, and local government investment pools per SGC 4.28.060 6.

**4.44.02 Restriction of General Fund Balance.** A portion of the General Fund balance equal to the total of all budgeted expenditures for the General Fund for the current fiscal year, divided by 4, (transfers from the General Fund balance shall not be considered expenditure for the purposes of this calculation), shall be restricted as to its use in order to provide for required liquidity of the Municipality and not available for appropriation without a super majority of the Assembly voting in approval. An additional amount of \$2,000,000 shall be restricted as to its use in order to provide funds for responding to an emergency and not available for appropriation without a super majority of the Assembly voting in approval.

## **Chapter 4.45**

### **LONG TERM INFRASTRUCTURE SINKING FUND FOR THE REPAIR AND REPLACEMENT OF GENERAL FUND MUNICIPAL BUILDINGS, STREETS, SIDEWALKS, PARKING LOTS, AND PARKS**

\* \* \*

**4.45.01 Establishment of the Public Infrastructure Sinking Fund.** There shall hereby be created, within the fund structure of the City and Borough of Sitka, a sinking fund for the repair and replacement of General Fund municipal buildings, streets, sidewalks, parking lots, and parks to be hereafter called the Public Infrastructure Sinking Fund.

**4.45.02 Determination of the Required Balance of the Public Infrastructure Sinking Fund.** Within 90 days after the start of each fiscal year, the Administrator shall prepare an analysis of the General Fund Balance with an accompanying recommendation as to an amount of the General Fund Balance available for potential transfer to the Public Infrastructure Sinking Fund. This analysis shall first take into account any portions of the General Fund restricted by Section 4.44 of the Sitka General Code before recommending any further amounts for potential transfer to the Public Infrastructure Sinking Fund.

**4.45.03 Assembly Action.** Within 60 days after presentation of the annual analysis by the Administrator, the amount determined by the Administrator shall automatically be transferred to the Public Infrastructure Sinking Fund, unless a super majority of the Assembly votes to change the recommended amount.

**4.45.04 Use of the Sinking Fund.** The Assembly shall annually appropriate an amount from the Public Infrastructure Sinking Fund to be used exclusively for the repair and replacement of General Fund municipal buildings, streets, sidewalks, parking lots, and parks as recommended by the Administrator in his annual budget.

Ordinance 2012-30

Page 3

**4.45.05 Emergency Transfer of the Sinking Fund.** The Assembly shall have the authority to transfer any portion of the Public Infrastructure Sinking Fund to the General Fund in the case of an emergency threatening public health, safety, or welfare which requires use of public funds. Such a transfer shall require an approval of a super majority of the Assembly.

**EFFECTIVE DATE.** This ordinance shall become effective the day after the date of passage.

**PASSED, APPROVED, AND ADOPTED** by the Assembly of the City and Borough of Sitka, Alaska this 9<sup>th</sup> day of October, 2012.

Note: The Wastewater Treatment Fund serves as the master fund for all "mega-projects" (i.e., projects which have water, wastewater, and stormwater components). Contracted are awarded for the projects, costs are recorded in the Wastewater Fund, then allocated to other funds on a percentage basis. The positive allocation of designated working capital in 2017 reflects allocation of "mega-project" costs.

## **City and Borough of Sitka FY21 Consolidated Operating Budget**

### **Summary of Significant Accounting and Budget Policies**

#### **Significant Accounting Policies**

Accounting for the financial activities of the City and Borough of Sitka is performed in accordance with Governmental Accounting and Financial Reporting Standards, as promulgated by the Governmental Accounting Standards Board (GASB), and applicable Federal and State of Alaska guidelines.

Specific accounting policies having an impact on this budget include the following:

Depreciation - Depreciation is recorded on the straight line basis for all fixed assets and useful lives used to calculate depreciation expense conform, as much as possible, to industry standards.

Inventories - Inventories of maintenance supplies and materials are accounted for under the periodic method on a first in - first out (FIFO) basis. Inventories of maintenance supplies and materials are expensed when consumed.

Bad Debt Expense - Bad debt expense is accounted for under the direct write off method.

Investments in Debt Securities - All investments in debt securities are considered to be held until maturity and are carried at historical cost. Investments are marked to market on a monthly basis separate from the accounting system and market value is reported to management monthly. Premiums and discounts on the purchase of debt securities are amortized on the effective interest methods.

Compensated Employee Absences - Compensated employee absences (annual leave) is expensed as accrued.

Grants - Grants from Federal Government Agencies are accounted for as revenue to the appropriate fund (normally a Capital Project Fund).

Capital Project Funds - All capital construction projects in excess of \$50,000 are normally accounted for in separate Capital Project Funds. Due to increased control initiated in FY97 some projects less than \$50,000 will be accounted for in Capital Projects Funds. For proprietary funds, capital construction is accounted for in separate capital project funds for internal management purposes only; and at the end of the fiscal year, all proprietary fund capital projects are closed back to the parent fund through adjusting journal entries. Uncompleted projects are shown as construction in progress and grant revenue for capital construction is accounted for as grant revenue.

Fixed Assets - For accounting purposes the minimum level for fixed assets is set at \$5,000 and for infrastructure is set at \$10,000.

## **City and Borough of Sitka FY21 Consolidated Operating Budget**

### **Summary of Significant Accounting And Budgeting Policies (cont.)**

#### **Significant Budgeting Policies**

Specific budgeting policies having an impact on this budget include the following:

Budgeting Basis - Budgeting is on a cash inflow / cash outlay basis. As the financial operations of proprietary funds are required to be accounted for under the accrual accounting basis, budgeting in these funds is for outlays (expenditures), not for expenses. So that the user may relate expenditure authority to its effect on the financial condition of such funds, pro forma financial statements showing the estimated financial effect of the authorized spending are also provided. Accrual accounting information is, where necessary, adjusted to a cash basis in order to provide management with consistent budget execution information.

Operating and Capital Budgets - Authorized expenditures for all funds are divided into separate and distinct capital and operating budgets. Capital budgets include authorized expenditures for acquisitions of fixed assets, minor construction projects, acquisitions of and improvements to land, and direct transfers of equity to capital project funds and other funds (in particular, internal service funds). All other authorized expenditures are contained within operating budgets.

Lapsing of Appropriations and Reappropriations of Capital Expenditures - All unencumbered operating budget appropriations lapse at the end of the fiscal year (June 30<sup>th</sup>). Capital expenditures do not lapse; however, for internal management purposes, capital appropriations are also assumed to lapse at the end of the fiscal year. Capital expenditures which carry forward to future years are reappropriated and are clearly shown as such in the budget. Amounts shown are estimates only. Actual remaining appropriations are reappropriated.

Revenues - For budgeting purposes, revenues for proprietary funds are assumed to be received in cash although, under accrual accounting rules, some revenues are recorded prior to the actual receipt of cash. These revenues include interest receivable, amortization's of discounts on investment securities, and utility fees billed but not yet received. The effect of these non-cash revenues is not considered to be significant enough to be material.

Internal Budget Redistributions - The Municipal Administrator has the authority to redistribute appropriations between accounts within specific Divisions of the General Fund, within Enterprise Funds and within Internal Service Funds. Authorized expenditures may not be redistributed between operating and capital budgets. Redistributions between certain Divisions of the General Fund, between different Funds or between operating and capital budgets of the same Fund, must be approved by the City and Borough of Sitka Assembly.

Internally Funded Capital Projects - Capital projects in excess of \$50,000 are normally accounted for in separate Capital Project Funds. Due to increased control initiated in FY97 some projects less than \$50,000 will be accounted for in Capital Project Funds. If such projects are funded through grants, donations, or revenue generated by the project, such revenues are accounted for directly under the Capital Project Fund. If a project is funded through the transfer of equity from the General Fund or a Proprietary Fund, the transfer is budgeted as *Interfund Transfers or Advances to Other Funds* under the General Fund or Proprietary Fund, and an *Advances From Other Funds* under the Capital Project Fund. For proprietary funds, capital construction is accounted for in separate capital project funds for internal management purposes only; and at the end of the fiscal year, all proprietary fund capital projects are closed back to the parent fund through adjusting journal entries. Thus, if projected expenditures for Capital Project Funds lag behind expected levels, actual amounts of year-end working capital may exceed projected levels.

Fixed Assets - For budgeting purposes the minimum level for fixed assets is set at \$5,000 and for infrastructure is set at \$10,000.
