Explain your main reason for applying:

Over the past few years my involvement out at the GPIIP has grown. I am a Silver Bay fisherman, and being so, much of my fishing business is conducted out at the GPIIP. I currently sit on two boards, Port and Harbors, and NSRAA, that have interests out at the GPIIP. I also have lots of attentiveness in the new haul out facility and ensuring that Sitka gets the haul out that it needs. My hope is that in my becoming a member of the GPIIP board I could help make decisions that will benefit the people of Sitka.

What background, experience or credentials will you bring to the board?

As stated above I have been spending more and more of my time at the GPIIP, giving me first hand knowledge of how the park is being used. That knowledge could help in future projects the GPIIP may have. Being a member of two boards has given me tools and experience so that I may join the GPIIP board and instantly be a contributing member. Another benefit of being on the Port and Harbors commission and NSRAA board is that I have developed relationships with much of the fishing fleet and other community members, and they already come to me with their thoughts, concerns, and ideas. I believe these relationships will be extremely important on developing a haul out facility or any other projects that may occur at the GPIIP.

Please disclose any potential conflicts of interest that may arise from your appointment:

I have four potential conflicts of interest I should disclose. I am a member of Silver Bay Seafoods. I periodically work for Hanson Maritime. I periodically work for other local contractors that have in the past and may in the future do business with the city and or the GPIIP. I am a member of the NSRAA board. Though these may at times be considered a conflict of interest I think it has also given me a good understanding of how the GPIIP is being used, and will aid me and the board in making future decisions in developing and improving the park.

Professional Summary

Early in life I knew I wanted to own my own business someday, even though I did not yet know what that business would be. In high school I began collecting the tools I would need to make that happen by taking multiple accounting classes, finance classes, and joining the future business leaders of tomorrow club. I continued collecting my tools when I attended Pacific Lutheran University with the thought of obtaining my CPA license. In 2004 fate happened and I traveled to Sitka Alaska to work as a deckhand on a charter boat. I had found the livelihood and business direction I wanted to pursue, catching and selling fish from the north pacific.
