City and Borough of Sitka

ANNUAL GRANTS FROM GENERAL FUND

SUMMARY SHEET

Name of Organization: SHARK-SITKA HAM AMATEUR RADIO KLUB

Alaska State Business License Number (if applicable): _____

Name of Contact Person: DARRYL AULT

Phone: [REDACTED] Email: sitkashark@yahoo.com

Mailing address: PO BOX 1963 SITKA, AK 99835

Grant Category (check either annual or special emergency grant, and check type of services for annual grant):

- ☐ Annual Grant:
 - ☒ Human Services or
 - ☐ Cultural and Educational Services or
 - ☐ Community Development
- ☐ Special Emergency Grant

Dollars Requested: \$8320.55

Match Dollars Committed: 0 Percentage: 50%

Sources of Matched Dollars: GRANTS, LOCAL FUNDRAISING

Brief Description of the Purpose of the Grant: SHARK proposes to build a Mobile Cammand Post Trailer to aid in Emergency/Disaster communications and educate the public about wireless technology.

I, Darryl Ault, do hereby certify that all information provided for this grant application is accurate and complete to the best of my knowledge.

Name: Darryl Ault

Title: President

Date: 8/20/2020

Alaska State Business License Number (if applicable):

Name of Contact Person: DARRYL AULT

Dollars Requested: \$ 8,320.55

Match Dollars Committed: \$0

Percentage: 50%

Sources of Matched Dollars: grants, local fundraising

Brief Description of the Purpose of the Grant: *2-3 sentences max*

Sitka Ham Amateur Radio Klub proposes to build a Mobile Command Post Trailer to aid in emergency communications and educate the public about wireless technology.

Detailed project description overview (one page only) – total pts 10

What grant category are you applying for?

Annual Grant: Human Services

What will be done with these funds?

Sitka SHARK will build a Disaster/Emergency Mobile Command Post Trailer for communications in the event of a Disaster/Emergency in the City and Borough of Sitka, Alaska. Funds from this program will go to purchasing a trailer, procuring transceivers and antennas that operate on multiple frequency bands, setting up an electrical infrastructure with a stand-alone generator, and sourcing provisions (like masts, microphones, etc.) that make this a functioning center of operations.

Who will do it?

SHARK members, local volunteers and contractors in Sitka.

Who will be served?

Broadly, this project serves people living in Sitka, Alaska. During emergencies, the Sitka Ham Amateur Radio Klub partners with local authorities, and serves the communication needs of response personnel. The Mobile Command Post also serves a purpose outside of emergencies; it is an educational facility for anyone interested in learning and practicing the science of radio operation.

When will this service be provided?

When the project is completed (approx 6-7 months after being funded)

Has the agency received CBS General Fund Grants previously? If so, how many, which years and for what amount?

NO

Expected Outcomes (one page only) – total pts 10

How will the project be measured as successful?

The SHARK Mobile Command Post will be considered successfully completed once it is built and functional.

What will the tangible community benefit be?

The community benefits from the Mobile Command Post in multiple ways.

When disaster strikes, the Mobile Command Post can help restore communications to areas that need it the most. Enabling as many layers of connectivity as possible makes Sitka more resilient to local emergencies. In times of crisis, SHARK can relay important messages. This post can also serve as meeting points for strategy discussions and tactical operations for emergency response in conjunction with health and safety officials. Amateur radio operators step up to assist a number of organizations with public service communications

Before a crisis, the Mobile Command Post is a critical part of a community's emergency preparedness. Like many ham radio clubs, SHARK is dedicated to educating community members on the fundamentals of radio and wireless technology. Using the Mobile Command Post to demonstrate use cases and promote interest in amateur radio benefits the community by increasing the number of radio users distributed in the community. The more ham radio operators there are, the more responsive different neighborhoods will be - especially when those neighborhoods are cut off from the rest of town.

The Mobile Command Post promotes technology literacy. In an increasingly technological world, knowing the many types, capabilities, and limitations of wireless technology benefits users across generations. Students learning about amateur radio can apply many of the scientific principles to any number of STEM topics.

What are some benchmarks during the project that indicate things are going in the right Direction?

Purchasing the trailer and equipment will serve as the baseline for our progress. Once SHARK can do that, Klub members will begin the process of wiring and outfitting the trailer for basic use. We anticipate being able to complete the project within 6-7 months of getting it fully funded. We hope to have the Mobile Command Post ready for deployment by our next contesting event - potentially Field Day 2021.

Statement of Need (one page only) – total pts 10

How does this project align with the funding category that you are applying for?

As a disaster response tool, the SHARK Mobile Command Post promotes resilience of individuals, children, families, and communities impacted by disasters and public health emergencies. Communication is a fundamental part of human services, and ham radio is an essential tool for communication.

Alaska ham operators have a proven record of assisting in disaster response. In recognition of amateur radio importance in the 1964 Alaska earthquake the state of Alaska issues free licenses plates to residents for their critical service of providing the only communications service to the lower 48. Local hams relayed info on mudslides and the Katlian air crash.

Ham radio is an official part of the Red Cross, dealing specifically with human services during emergencies.

What documented needs (ie McDowell Reports, the Comprehensive Plan, Youth Risk Behavior Survey, etc.) does this project address?

Developing Sitka's amateur radio network bolsters our community's ability to respond to emergencies. Several SHARK members are members of the Local Emergency Planning Commission, and Sitka's Emergency Operations Plan contains provisions around communications. Building a resilient communications infrastructure is an important part of pre-disaster preparedness.

Does the funding from this request leverage other funds for the project? How?

NO

Organizational Capacity (one page only) – total pts 10

Track record (this or similar project delivery and management).

N/A

Community Support.

FUNDRAISER ELKS LODGE 9/10/2017 \$1542.00

It's tempting to splurge when the Permanent Fund Dividends show up, but do consider setting some money aside for a rainy day, a home improvement project, or a college fund with a First Bank savings or investment account.

Effective July 1, 2020, First Bank is changing its funds availability policy. In general, our policy has always been to make funds available to you on the first business day after we receive your deposit (received prior to the close of the business day), this is not changing. However, effective July 1, 2020, if we determine a hold on the funds you deposited is necessary, we will provide you next day availability on the first \$300 (\$6,000 for some types of checks). We will continue to inform you, at the time of the deposit, or within 24 hours after receiving your deposit, if a delay in availability will occur. Additionally, for better clarity, the Consumer Liability Section of the Deposit Account Agreement, provided at account opening, was enhanced to note "consumer accounts only." You can view the Deposit Account Agreement in its entirety by visiting www.firstbankak.com/disclosures-and-policies.html.

Effective Date of Exemption:

March 1, 2017

Contribution Deductibility:

Yes

Addendum Applies:

No

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.
