AGENDA ITEM

Case No: CUP 21-02
Proposal: Request for short-term rental at 1935 Dodge Circle
Applicant: Kris Pearson
Owner: Kris Pearson
Location: 1935 Dodge Circle
Legal: Lot 1, Alder Way Subdivision
Zone: R-1 single-family and duplex residential district
Size: 9,579 square feet
Parcel ID: 24785001
Existing Use: Residential
Adjacent Use: Single-family and duplex housing
Utilities: Existing
Access: Dodge Circle

KEY POINTS AND CONCERNS

- Neighborhood is residential, including single-family and duplex dwellings.
- The proposed short-term rental is a second dwelling unit. Owner/applicant lives on site in the primary unit and would rent year-round.
- The renter information handout shall comply with conditions of approval, specifically regarding access, parking, quiet hours, trash management, transportation, and respect for the neighborhood.
- Short-term rentals have impacts to long-term rental availability and home values, however the apartment has been rented on a month to month basis since its construction and therefore the proposal would not impact the long-term rental market.
- Low density of short-term rentals in the area.

RECOMMENDATION

Staff recommends that the Planning Commission approve the short-term rental at 1935 Dodge Circle subject to the recommended conditions of approval.

BACKGROUND/PROJECT DESCRIPTION

This request is for a conditional use permit for a short-term rental (STR) of a studio-style unit on the second floor of the applicant's garage. As the owner/applicant's primary residence, the owner will be on-site.

ANALYSIS

1. CRITERIA TO BE USED IN DETERMINING THE IMPACT OF CONDITIONAL USES.¹

a. Amount of vehicular traffic to be generated and impacts of the traffic on nearby land uses:

Applicant does not anticipate significant increase in vehicular traffic nor impact from proposed use as there is off-street parking available. The applicant has specified that only one car will be allowed per rental.

b. Amount of noise to be generated and its impacts on surrounding land use: Short term rentals have the potential to create noise from transient guests. In the rental agreement, the applicant addressed disturbances from noise and states that events and parties are not permitted.

c. Odors to be generated by the use and their impacts: Potential odor impacts are minimal and in line with similar residential uses. Garbage shall be disposed of in municipal container and in accordance with Sitka General Code requirements.

d. Hours of operation: The proposal is to book rentals year-round.

e. Location along a major or collector street: Access from Dodge Circle.

f. Potential for users or clients to access the site through residential areas or substandard street creating a cut-through traffic scenario: Property is accessed directly from Dodge Circle. There is no access to other streets from the property.

g. Effects on vehicular and pedestrian safety: No significant changes expected, minimal increase in traffic.

h. Ability of the police, fire, and EMS personnel to respond to emergency calls on the site: Residence has adequate access off Dodge Circle for emergency services.

i. Logic of the internal traffic layout: The rental unit is a studio dwelling unit with an open kitchen/living/dining room space on a single story.

¹ § 22.24.010.E

j. Effects of signage on nearby uses: No signage proposed. All signs shall comply with Sitka General Code.

k. Presence of existing or proposed buffers on the site or immediately adjacent the site: The proposed STR is located on the second floor of the garage to the south of the property therefore the primary residence would serve as a buffer between the STR and the northern boundary. The property is buffered along the southern and western boundary by a concrete retaining wall.

l. Relationship if the proposed conditional use is in a specific location to the goals, policies, and objectives of the comprehensive plan: An STR can help support the existing and growing tourism industry by providing transient guests with short-term housing options that allow the potential for more visitors to visit Sitka, bringing in money and creating opportunities for job creation and economic development. STRs also increase the affordability of housing for owners by offsetting housing costs with rental income. While STRs in general correlate with negative impacts to available housing stock for residents, long-term rental rates, and increased purchase prices for housing, the proposal to use an apartment previously rented on a month to month basis would not impact the long-term rental market.

m. Other criteria that surface through public comments or planning commission review: Not applicable at this time.

RECOMMENDATION

The Planning Department recommends that the Planning Commission approve the conditional use permit application for a short-term rental at 1935 Dodge Circle subject to the recommended conditions of approval.
