AGENDA ITEM

Case No: CUP 21-03
Proposal: Request for short-term rental at 835 Lincoln Street
Applicant: Chad Vickery
Owner: Chad and Courtney Vickery
Location: 835 Lincoln Street
Legal: Lot R-2, SJC-Lincoln Subdivision Replat
Zone: R-2 Multifamily district
Size: 22,418 square feet
Parcel ID: 18562002
Existing Use: Residential
Adjacent Use: Single-family housing
Utilities: Existing
Access: Lincoln Street

KEY POINTS AND CONCERNS

- Neighborhood is residential, primarily single-family dwellings.
- The proposed short-term rental is the primary dwelling of the owners, to be rented during their two-year absence
- The renter information handout shall comply with conditions of approval, specifically regarding access, parking, quiet hours, trash management, transportation, and respect for the neighborhood.
- Short-term rentals have impacts to long-term rental availability and home values, however due to the rental prices necessary to recuperate mortgage costs, the property is not considered a likely candidate for long-term rental.
- Low density of short-term rentals in the area, however the property is directly adjacent to a short-term rental.

RECOMMENDATION

Staff recommends that the Planning Commission approve the short-term rental at 835 Lincoln Street subject to the recommended conditions of approval.

BACKGROUND/PROJECT DESCRIPTION

This request is for a conditional use permit for a short-term rental (STR) for 4-bedroom, 2.5 bath two-story dwelling unit. As the applicant's primary residence, the property will be made available during their two-year absence as the owners work abroad. Given the owner's absence from town, staff felt it was appropriate to add a condition of approval in this case that would require the owner to hire a local property manager to monitor and mitigate any potential negative impacts, and to provide the Planning Department with the up-to-date contact information for said property manager to serve as the point of contact for annual reports and addressing any neighborhood concerns.

ANALYSIS

1. CRITERIA TO BE USED IN DETERMINING THE IMPACT OF CONDITIONAL USES.¹

a. Amount of vehicular traffic to be generated and impacts of the traffic on nearby land uses:

Applicant does not anticipate significant increase in vehicular traffic nor impact from proposed use as there is off-street parking available for up to five vehicles.

b. Amount of noise to be generated and its impacts on surrounding land use: Short term rentals have the potential to create noise from transient guests.

c. Odors to be generated by the use and their impacts: Potential odor impacts are minimal and in line with similar residential uses. Garbage shall be disposed of in municipal container and in accordance with Sitka General Code requirements.

d. Hours of operation: The proposal is to book rentals year-round.

e. Location along a major or collector street: Access from Lincoln Street.

f. Potential for users or clients to access the site through residential areas or substandard street creating a cut-through traffic scenario: Property is accessed directly from Lincoln Street. There is no access to other streets from the property.

g. Effects on vehicular and pedestrian safety: No significant changes expected, minimal increase in traffic.

h. Ability of the police, fire, and EMS personnel to respond to emergency calls on the site: Residence has adequate access off Lincoln Street for emergency services.

¹ § 22.24.010.E

i. Logic of the internal traffic layout: The rental unit is a two-story dwelling with 4 bedrooms, 2 ½ bath, a kitchen, and living/dining room.

j. Effects of signage on nearby uses: No signage proposed. All signs shall comply with Sitka General Code.

k. Presence of existing or proposed buffers on the site or immediately adjacent the site: The property is buffered by wooded areas along the northern and eastern boundaries and is offset from the right-of-way by approximately 85 feet.

l. Relationship if the proposed conditional use is in a specific location to the goals, policies, and objectives of the comprehensive plan: An STR can help support the existing and growing tourism industry by providing transient guests with short-term housing options that allow the potential for more visitors to visit Sitka, bringing in money and creating opportunities for job creation and economic development. STRs also increase the affordability of housing for owners by offsetting housing costs with rental income. While STRs in general correlate with negative impacts to available housing stock for residents, long-term rental rates, and increased purchase prices for housing, the proposal has little impact on affordable rental markets given the high rental rates necessary to pay mortgage costs.

m. Other criteria that surface through public comments or planning commission review: Not applicable at this time.

RECOMMENDATION

The Planning Department recommends that the Planning Commission approve the conditional use permit application for a short-term rental at 835 Lincoln Street subject to the recommended conditions of approval.
